

PROJECT AGREEMENT

This agreement is made on June, 2025, between:

Developers: AngiSoft Technologies
Email: angisofttechnologies@gmail.com
Phone: +254 797 630228

Client: Kassim

Project Title: Custom POS Management System

1. Project Scope

The Developer agrees to design and develop a custom business management system for the Client. The system shall include:

- Sales Management (daily records, reports, printing receipts)
- Stock Management (tracking, levels, reports)
- Integration with eTIMS and Payment Gateways
- Employee Management (roles, access control)
- Backend: Spring Boot with PostgreSQL
- Frontend: React, hosted online
- Deployment on a local server environment
- Testing, optimization, and basic training

2. Project Cost

The total project cost is **KSh 30,000** (Thirty Thousand Kenyan Shillings), broken down as follows:

- Deposit before commencement: **KSh 10,000** – used to acquire required items like the UI/UX design
- Remaining balance upon project completion: **KSh 20,000**

3. Payment Terms

- The initial deposit of KSh 10,000 must be paid before any development begins.
- The remaining KSh 20,000 will be payable immediately upon delivery of the completed system.
- Late payments beyond 7 days of project completion may incur a 5% late fee unless prior arrangements are made.

4. Timeline

The estimated development duration is 6 months, divided across six defined phases (as detailed in the attached quotation document). Timelines may be adjusted with mutual agreement if needed.

5. Ownership & Handover

- The Client shall receive full rights to use the system upon final payment.
- Source code and documentation will be handed over after the project is fully paid for.

6. Developer's Responsibility

- Deliver the system as per the agreed specifications and timeline.
- Provide bug fixes during the testing period.
- Offer limited training/support for basic usage and deployment setup.
- Offer Maintenance services if needed.

7. Client's Responsibility

- Provide timely feedback during the development process.
- Ensure the required infrastructure (hardware, internet, hosting if applicable) is available for deployment and testing.
- Settle the full payment upon delivery.

8. Termination Clause

Either party may terminate this agreement with written notice. If the Client terminates the project after development has started, the deposit is non-refundable, and additional charges may apply for work already completed.

Signed and Agreed:
